SECUREEYE / CCTV & SECURITY

A clearer view of what matters.

Security planning, installation and ongoing support.

Protection begins with a clear view.

FICTIONAL CONCEPT • TECHSPYRO PORTFOLIO

SERVICE 01

CCTV surveillance

SecureEye service overview

CCTV surveillance

Camera coverage concepts for entrances, common areas, workspaces and property perimeters.

PLANNING NOTE

Camera selection and placement depend on site conditions, lighting, network and privacy requirements.

SERVICE 02

IP cameras & recording

SecureEye service overview

IP cameras & recording

A concept service covering network cameras, recording devices and local storage planning.

PLANNING NOTE

Compatibility, resolution, storage duration and retention need confirmation for each installation.

SERVICE 03

Remote viewing

SecureEye service overview

Remote viewing

Remote access setup concepts for compatible cameras and recording systems.

PLANNING NOTE

Secure configuration should include strong credentials, software updates and appropriate user permissions.

Illustrative descriptions. Final scope depends on a real site survey and provider.

SERVICE 04

Access control & alarms

SecureEye service overview

Access control & alarms

Enquiry pathways for door access, intrusion detection and related security integrations.

PLANNING NOTE

System design and local compliance should be assessed by a qualified provider.

Illustrative descriptions. Final scope depends on a real site survey and provider.

SERVICE 05

Maintenance & support

SecureEye service overview

Maintenance & support

Periodic system checks, cleaning, configuration review and fault reporting.

PLANNING NOTE

Service-level terms and response times must be agreed with the actual provider.

CONSULTATION

Start with your site.

A simple route to a suitable security setup.

Tell us about your property.

A real provider would collect property type, approximate layout, key coverage areas and preferred consultation time before recommending equipment.

SECUREEYE IS A FICTIONAL TECHSPYRO PORTFOLIO CONCEPT.
